Community College District (SLOCCCD)  
Cuesta College Strategic Plan 2017-2020**

**2019 Progress Report**

The SLOCCCD Comprehensive Master Plan 2016-2026 established the ten-year institutional goals for SLOCCCD/Cuesta College. In 2017, the SLOCCCD Strategic Plan 2017-2020 was collaboratively developed to guide decision-making and resource allocation in support of the long-term institutional goals. The 2019 Progress Report on the SLOCCCD Strategic Plan 2017-2020 provides data, trend lines, and brief analysis of the institutional objectives for each institutional goal.

**Institutional Goal 1: Completion**

*Increase the rates of completion for degrees, certificates, and transfer-readiness overall for all students.*

**Institutional Goal 2: Access**

*Increase student access to higher education.*

**Institutional Goal 3: Partnerships**

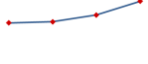

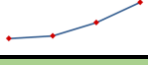

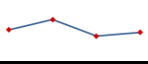

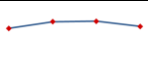

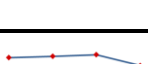

*Develop and sustain collaborative projects and partnerships with the community's educational institutions, civic organizations, businesses, and industries.*

**Institutional Goal 4: Facilities and Technology**

*Integrate and improve facilities and technology to support student learning and the innovations needed to serve its diverse communities.*

**Goal 5: Fiscal**

*Build a sustainable and stable fiscal base.*

<b>Institutional Goal 1: Completion</b>						
<b>Increase the rates of completion for degrees, certificates, and transfer-readiness overall for all students.</b>

**Institutional Objective 1.1 Summary/Analysis:**

**Measure 1:** In spring 2018 Cuesta College implemented Multiple Measures Assessment Placement (MMAP) both in English and Mathematics. The MMAP moved the needle, there was a significant increase in students placed into transferable level English and Mathematics. English had a 10.9% increase and Mathematics a 27.6% increase in transfer level placement. A first phase implementation of AB 705 took place in Spring 2019. A full implementation went into effect fall 2019. Cuesta College has redefined Objective 1.1 and its measures due to the changes in regulations and therefore will not see full year data updates until 2019-2020.

**Measures 2 & 3:** The data continues to reinforce students who start at the basic skills level have a difficult time progressing to a transfer level course. The total number of students who will be placed in basic skills, English, Mathematics and English as a Second Language should significantly decrease with the implementation of AB 705. Cuesta College needs to continue to implement new strategies to help these students succeed. Three cohorts of students who completed ESL099E were tracked, beginning in fall 2014, fall 2015, and fall 2016, for two years; these figures function as the denominators. The numerator in each case is the number of students in the cohort who completed ENGL201A within two years.

**Measure 4:** The results for successful course completion in English as a Second Language, Career Technical Education, English or Mathematics and transfer designated courses have been consistent over the last two years with the exception of a drop in non-Career Technical Education degree applicable courses between 2017-2018 and 2018-2019.

**Measure 5:** This is a scorecard measure narrowing in on the transfer prepared metric and is defined as the percentage of first-time students with a minimum of six units earned who attempted an English or Mathematics course in the first three years and achieved any of the following outcomes within six years of entry: earned AA/AS or credit certificate (Chancellor's Office approved), transferred to four-year institution, or achieved "transfer prepared." This metric will no longer be collected, as the Simplified Metrics have replaced the Scorecard.

**Institutional Goal 1: Completion (Continued)**

**Increase the rates of completion for degrees, certificates, and transfer-readiness overall for all students.**

Institutional Objective 1.2: Foster a college environment where students are Directed, Focused, Nurtured, Engaged, Connected, and Valued. (RP Group Six Success Factors) <i>Responsible Party: Vice President Student Services &amp; College Centers</i>	Report Year	2017	2018	2019	2020	Trend

	Nurtured by Faculty	88.9%			IP	
	Nurtured by Administration	82.8%			IP	

**Institutional Objective 1.2 Summary/Analysis:**

In the fall 2018 semester, the Counseling Department was able to increase the number of first time, non-exempt students who completed a comprehensive student education plan from 21.9% to 25.2%. This is a number that should increase every semester from this point forward as the Counseling Department is now requiring students to complete a comprehensive student education plan by the fifteen degree applicable unit mark in order to maintain priority registration. This is a strategy designed to create clear pathways for students to complete their educational goals.

<b>Institutional Goal 2: Access</b>						
<b>Increase student access to higher education.</b>						
<b>Institutional Objective 2.1:</b> Increase enrollment of low-income and underrepresented students through targeted outreach efforts. <i>Responsible Party: Vice President Student Services &amp; College Centers</i>	<b>Report Year</b>	<b>2017</b>	<b>2018</b>	<b>2019</b>	<b>2020</b>	<b>Trend</b>

<b>Measure 1: Student Participation Rate - Veterans</b>	Veterans	2.0%	2.0%	1.8%		
<b>Institutional Objective 2.1 Summary/Analysis:</b>						
<p>Cuesta College has made nominal gains in increasing the enrollment of low-income and underrepresented students. In spring 2018, a Director of Outreach was hired to focus on community outreach in low-income communities of San Luis Obispo County. In addition, Cuesta College focused the delivery of printed college materials in 164 locations in San Luis Obispo County. Many of these areas are designated low-income neighborhoods, particularly in Paso Robles and sections of Atascadero. The drop in low-income percentages between the 2017-2018 and 2018-2019 academic years, however, is due to a decrease in San Luis Obispo County adult low-income population numbers.</p> <p>The participation rates of large Cuesta College and San Luis Obispo County ethnic groups has remained stable between the 2017-2018 and 2018-2019 academic years. There is a significant drop in American Indian/Alaska Native and Native Hawaiian/Pacific Islander groups. These San Luis Obispo County population groups are very small and can cause large fluctuations in participation rates--even as Cuesta College's proportion of participation remains stable.</p> <p>The foster youth student participation rate remains above 100% because of the difference in definition between San Luis Obispo County and Cuesta College. The foster youth student participation rate equals the number of foster youth attending Cuesta College, regardless of origin, divided by the number of foster youth in San Luis Obispo County (county origin only). Overall, the low-income student participation rate has decreased to 23.7% in academic year 2018-2019, again, due to a decrease in the number of the low-income adult population in San Luis Obispo County.</p>						

**Institutional Goal 2: Access (Continued)**

Increase student access to higher education.

Institutional Objective 2.2: Increase enrollment opportunities for community members who are 55 years of age or older. <i>Responsible Party: Vice President Academic Affairs</i>	Report Year	2017	2018	2019	2020	Trend
	Data Timeframe	16/17	17/18	18/19	19/20

<b>Measure 2:</b> Count of community members 55 years of age or older disaggregated by Credit and Non-Credit status	Count of Credit	419	493	533	IP	
	Count of Non-Credit	622	1107	1199	IP	

**Institutional Objective 2.2 Summary/Analysis:**

In 2017-2018, Cuesta College more than doubled section offerings of Emeritus. In 2018-2019, the Emeritus section offerings dropped to 137 but the count of community members participating in both credit and non-credit offerings significantly increased.

**Institutional Goal 2: Access (Continued)**

Increase student access to higher education.

Institutional Objective 2.3: Expand financial support opportunities for students. <i>Responsible Party: Superintendent/President</i>	Report Year	2017	2018	2019	2020	Trend

<b>Measure 4:</b> Count of Pell Grants awarded in a given award year	Financial Aid Awards	2373	2579	2643	IP	

**Institutional Objective 2.3 Summary/Analysis:**

The 2018-2019 incoming first-time students have opportunity under the first local two-year promise scholarship. The Cuesta Promise has been expanded from one year to two years thanks to the generous contributions of local donors in support of the Cuesta College Foundation and the incorporation of AB 19, the California College Promise, into the state's budget.

<b>Institutional Goal 2: Access (Continued)</b>						
<b>Increase student access to higher education.</b>						
<b>Institutional Objective 2.4:</b> Increase career pathways for local high school students. <i>Responsible Party: Vice President Student Services &amp; College Centers and Vice President Academic Affairs</i>	<b>Report Year</b>	<b>2017</b>	<b>2018</b>	<b>2019</b>	<b>2020</b>	<b>Trend</b>

<b>Institutional Objective 2.4 Summary/Analysis:</b>						
<p><b>Measure 1:</b> The count of local high school students enrolled in dual enrollment courses is an annual percentage and has remained stable at near 30% for the last two academic years.</p> <p><b>Measure 2:</b> The percent of recent local high school graduates who enroll in Career Technical Education courses during their first year at Cuesta College has steadily increased over the last three academic years from 38.3% in 2016-2017 to 47.5% in 2018-2019.</p> <p><b>Measure 3:</b> The percent of recent local high school graduates who designate an Associate Degree for Transfer as their goal at Cuesta College has increased by 4.6% from fall 2017.</p>						
<b>Institutional Goal 3: Partnerships</b>						
<b>Develop and sustain collaborative projects and partnerships with the community's educational institutions, civic organizations, businesses, and industries.</b>						
<b>Institutional Objective 3.1:</b> Increase the number of partnerships with four-year institutions to strengthen and streamline students' transfer opportunities. <i>Responsible Party: Vice President Academic Affairs</i>	<b>36.0-31.4</b>	<b>2017</b>	<b>2018</b>	<b>2019</b>	<b>2020</b>	<b>Trend</b>

<b>Measure 1:</b> Count of Partnerships with four-year institutions	University Partnerships	2	2	2	IP	
<b>Institutional Objective 3.1 Summary/Analysis:</b>						
Cuesta College continues to explore four-year partnerships. Conversations have occurred with select California State Universities and private colleges to explore opportunities for partnering to offer Bachelor degree programs at Cuesta College.						

**Institutional Goal 3: Partnerships (Continued)**

**Develop and sustain collaborative projects and partnerships with the community's educational institutions, civic organizations, businesses, and industries.**

Institutional Objective 3.2: Increase the number of partnerships with local businesses in order to expand student work-based and experiential-based learning opportunities. <i>Responsible Party: Dean of Workforce &amp; Economic Development</i>	Report Year	2017	2018	2019	2020	Trend
	Data Timeframe	16/17	17/18	18/19	19/20	
<b>Measure 1:</b> Count of Partnerships with local businesses and organizations	Local Business & Organization Partnerships	125	136	187	IP	
<b>Measure 2:</b> Count of students participating in internship courses, work experience courses, and clinical sites	Work Experience Course Enrollment	434	387	324	IP	
	Clinical Site and Internship Enrollment	993	975	956	IP	

**Institutional Objective 3.2 Summary/Analysis:**

Neither measures 1 nor 2 in this objective discriminate on the quality of the partnership nor the quality of the placement. With regard to General Work Experience placements, the bulk of these currently represent low wage positions in retail and fast food. Moving forward, it is recommended measures be added to indicate the number of businesses and/or organizations offering paid internships.

In spring 2019, an additional job developer position was hired (funded through SWF). During 2019, the Career Connections Team (CCT) has cultivated seven new paid internship opportunities for students. Additionally, PG&E has provided a competitive process for paid summer internships for all qualified students in Cuesta College's AS EET (Nuclear Track) program. CCT is also collaborating with external stakeholders, advisor committees and a local workforce development taskforce in creating standardized job descriptions for internship opportunities in several CTE disciplines aligned with San Luis Obispo County industry clusters.

Lastly, Cuesta College is collaborating in an apprenticeship grant/program with the Ventura Community College District to develop field mechanics and Spanish speaking field supervisors and has identified at least two South County/Northern Santa Barbara County employers to participate.

**Institutional Goal 4: Facilities and Technology**

**Integrate and improve facilities and technology to support student learning and the innovations needed to serve its diverse communities.**

Institutional Objective 4.1: Improve facilities and technology in accordance with the District's Facilities Master Plan and Technology Plan. <i>Responsible Party: Vice President Administrative Services</i>	Report Year	2017	2018	2019	2020	Trend
	Data Timeframe	16/17	17/18	18/19	19/20	
<b>Measure 1:</b> Completion of the Facilities Checklist	Facilities Checklist	IP	IP	IP		
<b>Measure 2:</b> Completion of the Technology Checklist	Technology Checklist	IP	IP	IP		

**Institutional Objective 4.1 Summary/Analysis:**

**Measure 1:** Significant facilities improvements occurred in accordance with the facilities checklist and Measure 1 issuance plans. Improvements begun and/or completed during the 2018-2019 year include the repaving of Chorro Valley Road; the completion of the aquatics project and gymnasium floor; ADA and other upgrades in the 1000 and 2000 complexes; and groundbreaking/ongoing construction of a new Data Center and Early Childhood Education Building on the North County campus.

**Measure 2:** IT has continued to utilize the implementation plan created in 2016 to design and engineer Cuesta College's infrastructure and wireless upgrades in and around multiple buildings on the San Luis Obispo campus. The 1000's complex was completely re-cabled with CAT6A and new Wireless Access Points were installed in each building. A modern authentication was placed into production in 2019, and all network users were required to update their password. A new core network switch was purchased in preparation for the new Data Center, which is now under construction. Plans to install new Fiber Optic Cabling throughout the San Luis Obispo campus have begun. Also being developed are plans to update the cabling and provide wireless access to the 2000's complex, facilities offices, shipping & receiving, union offices, and sports fields.

**Institutional Goal 4: Facilities and Technology (Continued)**

**Integrate and improve facilities and technology to support student learning and the innovations needed to serve its diverse communities.**

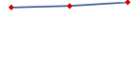

<b>Institutional Objective 4.2:</b> Address the educational and facilities needs of South County residents by conducting and utilizing the results of a community survey. <i>Responsible Party: Superintendent/President</i>	<b>Report Year</b>	<b>2017</b>	<b>2018</b>	<b>2019</b>	<b>2020</b>	<b>Trend</b>
	<b>Data Timeframe</b>	<b>16/17</b>	<b>17/18</b>	<b>18/19</b>	<b>19/20</b>	
<b>Measure 1:</b> Conduct South County Survey	South County Survey	Yes	Yes	Yes	Yes	<b>COMPLETED</b>
<b>Measure 2:</b> Utilize the results in planning for the educational and facilities needs of South County Residents	Results Utilized	IP	IP	IP	IP	

**Institutional Objective 4.2 Summary/Analysis:**

Increasing access to higher education in the South County is being pursued through a number of initiatives including identifying alternate locations for instruction, program identification, and expanded partnerships with businesses and non-profit organizations in the region. In addition, a faculty taskforce has been developed to explore opportunities for academic programs and services in South County.

**Institutional Goal 5: Fiscal**

**Build a sustainable and stable fiscal base.**

<b>Institutional Objective 5.1:</b> Build a sustainable base of enrollment by effectively responding to the needs of the District as identified in the Educational Master Plan. <i>Responsible Party: Vice President Academic Affairs</i>	<b>Report Year</b>	<b>2017</b>	<b>2018</b>	<b>2019</b>	<b>2020</b>	<b>Trend</b>

	FTES	7115	8420	7359	IP	

**Institutional Objective 5.1 Summary/Analysis:**

Data for Objective 5.1 is not available. The Summary/Analysis will be drafted at the end of the academic year.

**Institutional Goal 5: Fiscal (Continued)**

**Build a sustainable and stable fiscal base.**

<b>Institutional Objective 5.2:</b> Identify and develop sources of revenue beyond annual state allocations to support institutional effectiveness.	<b>Report Year</b>	<b>2017</b>	<b>2018</b>	<b>2019</b>	<b>2020</b>	<b>Trend</b>
	<b>Data Timeframe</b>	<b>16/17</b>	<b>17/18</b>	<b>18/19</b>	<b>19/20</b>	
<b>Measure 1:</b> Revenue generated through rental of district facilities	District Facility Rental	\$152K	\$178.3K	\$151.4K		
<b>Measure 2:</b> Revenue generated through enterprise use of District property	District Property Use	\$86K	\$86K	0	\$150K	
<b>Measure 3:</b> Revenue generated through awards and grants	Grant Award Revenue	\$6.16M	\$6.16M	\$4.1M		

**Institutional Objective 5.2 Summary/Analysis:**

**Measure 1:** Facilities use policies and procedures are currently under review through a workgroup. In addition to leasing existing facilities, the District should consider making productive use of unused property, especially in North County.

**Measure 2:** The District used to receive \$86K annually from revenue through the bookstore. Since the bookstore was in transition in 2018-2019 and losing revenue, no payment was made. As of 2019-2020, the District has contracted with Barnes and Noble to operate the bookstore. Cuesta College will receive a guaranteed minimum of \$150K in the first year.

**Measure 3:** The District has aggressively pursued grants in recent years to bring in additional funds to support students and improve campus operations (such as technology). While the fund totals ebb up and down owing to the nature of grant award cycles and the impact of 1-year awards, the District is receiving more grant funds in recent years than in previous years.

**Institutional Goal 5: Fiscal**

**Build a sustainable and stable fiscal base.**

<b>Institutional Objective 5.3:</b> Identify and implement strategies to address the rising costs of employee retirement obligations (CalSTRS and CalPERS) while maintaining support for institutional effectiveness. <i>Responsible Party: Vice President Administrative Services</i>	<b>Report Year</b>	<b>2017</b>	<b>2018</b>	<b>2019</b>	<b>2020</b>	<b>Trend</b>
	<b>Data Timeframe</b>	<b>16/17</b>	<b>17/18</b>	<b>18/19</b>	<b>19/20</b>	
<b>Measure 1:</b> End of year total unrestricted revenues minus expenditures	Unrestricted Revenue	\$1.5M	(\$3.3M)	\$1.5M		
<b>Measure 2:</b> Interest generated from invested one-time only funds to prefund future liabilities	Interest Generated	\$0.00	\$39.3K	\$216.1K		

**Institutional Objective 5.3 Summary/Analysis:**

**Measure 1:** The 2017-2018 deficit is somewhat artificial, as the District transferred \$3M of one-time general funds into an irrevocable trust account to address pension liabilities (see Measure 2). The ending surplus for the 2016-2017 and 2018-2019 years is more indicative of the District's ability to weather difficult fiscal conditions such as increasing pension costs, the slow growth of FTES, and adjustment to a new state funding formula.

**Measure 2:** The District invested \$3M during the 2017-2018 fiscal year to the PARS Pension Rate Stabilization Program (PRSP), an irrevocable trust that targets a higher rate of investment return than the County Treasury. For the 2018-2019 year, the fund realized a return of 7.4%, well above the 4% target.
